

# Certificate of Compliance

## Restriction of Hazardous Substances Directive 2002/95/EC

SFC hereby certify that parts manufactured in house comply to the auspices of RoHS with regards to the restrictions denoted below, unless specifically requested in an alternative process.

The use of six hazardous materials in the manufacture of various types of electronic and electrical equipment are restricted as follows;

- Lead (Pb) <0.1%
- Mercury (Hg) <0.1%
- Cadmium (Cd) <0.01%
- Hexavalent Chromium (CrVI) <0.1%
- Polybrominated Biphenyls (PBB) <0.1%
- Polybrominated Diphenyl Esters (PBDE) <0.1%

Materials used will always be supplied under the regulations and requirements (Chemically & Mechanically) of requested material grades.

Any ancillary coatings required thereafter will be in accordance with approved processes against bespoke procedures which will comply with our customers requirements.
